NOTES ON PATTERN:

- The blanket is worked in rows in one piece. The waves will be worked once the base is completed.
- You can make your blanket bigger or smaller. Your starting chain should be a multiple of 6 +3 (for example, 75, 81, 87, 93 and so on) for the width, and for the length repeat rows 1-5 until you reach your desired measurement, then add 3 more rows of htr.
- A simple border will be added after the full blanket is completed.
- I highly recommend weaving in your ends after each row when working the waves.

Using 5mm crochet hook, chain 130.

WASHING INSTRUCTIONS

All our threads are produced in accordance with Oeko-Tex standards. PH values are tested and all our colour dye lots adhere to Global fastness standards. However, it is important to follow our thread washing instructions. Particularly with dark colors, excess dye can remain on the thread. To minimise any potential bleeding of excess dyestuff it is important to wash the products in THE HOTTEST TEMPERATURE possible, in accordance with the specifications of the fabrics, and use a large amount of water. Please make sure that you also follow the fabric washing instructions where appropriate. As a precaution, you can also use decolorating sheets that you can find in any supermarket.
